### WHAT IS A duv?

We often use the term “duv” in reference to our youngest Tent members. The term was developed from DUVCW and abbreviated to “duv” in lower case because of their youth. A “duv” is a Tent member who ranges from eight (8) to eighteen (18) years of age. Our youngest Tent 23 “duv” is eight year old, Lauren Richardson featured in the left lower photo. Natalie Scott is a twelve year old “duv” whose photo is center left and eighteen year old, Jordan Gilles is featured on the top left.

The importance of “duv” membership represents the future of our organization. These young ladies hopefully will carry on the mission of our Order and ensure the memories and heroic efforts of our ancestral grandfathers who served in the Civil War are not forgotten

Jordan Gilles has been a member of Tent 23 since 2016. She will be graduating from Cadott High School on May 28, 2021. Jordan will receive a DUVCW honor cord from our Tent to commemorate this event. She is applying for a DUVCW scholarship. Four (4) scholarships are provided by the National DUVCW on an annual basis in the amount of \$500 each. Jordan would be a worthy applicant to receive one of these scholarships which are determined at our National Convention in August. She has been an honor student during her high school years. In addition she has been involved in student council, musical and theatrical productions and a member of FFA. We wish Jordan the very best and have our fingers crossed that she will be awarded a DUVCW scholarship this summer.

### ABRAHAM LINCOLN REMBERANCE DAY Abraham Lincoln ( Feb 12, 1809 - Apr 15, 1865)

The SUVCW and DUVCW as well as the other Allied Orders (Ladies of the GAR, Auxiliary to the Sons of Union Veterans of the Civil War and the Woman's Relief Corps) annually commemorate the death of Abraham Lincoln with a ceremony and the laying of a wreath at his tomb in Springfield, Illinois.

### A Little Known Fact Regarding the Death of Abraham Lincoln

Lincoln's remains were re-embalmed at every city stop. Following his assassination, Lincoln's casket remained unsealed for the next 19 days, requiring constant embalming to accommodate the series of public viewings. Embalming had risen in use during the Civil War, as deceased soldiers were prepared for shipment to distant relatives. The task of embalming Lincoln's remains fell to Dr. Charles Brown; three years before, the same doctor had embalmed the remains of Lincoln's young son, Willie.
